The school has put together a BL Parents Toolkit for your reference, which will be shared with you via Parents Gateway separately. Safe Management Measures - Phase 3 (Heightened Alert)

12. The health and safety of all staff and students in school continue to be of utmost importance to us. Do remind your child to bring his/her personal thermometer and Tracetgether (TT) token. Daily temperature taking exercise will continue in Term 3 and face mask must be worn throughout the day in school.
13. Should your child be feeling unwell, do advise him/her to seek medical attention and refrain from coming to school until he/she is better. Should your child be unwell with flu-like symptoms, he/she will only return to school when he/she produces a negative COVID-19 test result. Students on other medication should have their prescribed medicine with them at all times as school will not be able to provide medication in any form to students.

14. Please inform the school immediately should anyone (**age 6 and above**) staying in the same household as your child be unwell with flu-like symptoms, be required to undergo mandatory COVID-19 testing, or issued an official Home-Quarantine Order (HQO) or Stay-Home Notice (SHN). Your child should **not** report to school and we will provide the necessary support.
